

Board of Education Goals

Learning Environment

- Furnish the tools needed for every student to meet their full potential.
- Promote a safe, healthy, and respectful learning environment for all students.
- Champion meaningful experiences for students through activities, programs, and community service.

College and Career Readiness

- Improve student achievement measured by student growth and graduation success data.
- Align our curriculum to the appropriate state and national standards.
- Provide meaningful learning experiences for students to grow personally and academically.

Faculty, Staff and Administration

- Hire an effective superintendent to lead the District.
- Attract and retain highly effective personnel.
- Support and monitor professional development of personnel.

School/Community Relations

- Create and foster positive relationships that connect all stakeholders to the school.
- Communicate district goals and seek community feedback through collaborative efforts.
- Be a vital member of the communities we serve.

Finance

- Develop and maintain a fiscally responsible budget that supports our district goals.
- Communicate with staff to be financially responsible.
- Maintain and maximize the effectiveness of our current buildings and grounds.
- Seek alternative revenues.
